PERSONAL STATEMENT

I am a passionate junior web developer and UI/UX designer dedicated to crafting user-cantered and visually compelling digital experiences. With strong proficiency in HTML, CSS, JavaScript, and responsive design principles, I create websites that are both functional and aesthetically appealing. I have hands-on experience using design tools like Figma to turn ideas into intuitive, interactive interfaces. Eager to contribute to innovative and collaborative teams, I am committed to continuous learning and growth in the ever-evolving tech industry.

WORK EXPERIENCE

Software Developer

Intern – HB-Lab

March 2025 – May 2025

- Developed and maintained a full-stack blog project using **React.js** (frontend) and **Node.js** with **Express.js** (backend).
- Implemented and managed a **MySQL** database for storing and retrieving blog data efficiently.
- Designed responsive and user-friendly interfaces using **Tailwind CSS**.
- Gained hands-on experience in building RESTful APIs and integrating them with the frontend.
- Collaborated with team members through code reviews and weekly progress meetings.

UI/UX Design Project: Mobile App Redesign

March 2023 – June 2023

- Conducted a comprehensive analysis of user feedback and usability issues for the existing application.
- Created wireframes and high fidelity prototypes in Figma to visualize new user flows and interface elements.
- Collaborated with users through usability testing to gather insights and iterate on designs, ensuring a

user-centered approach.

- Implemented design principles focused on enhancing user experience, leading to a more intuitive and visually appealing interface.

- Resulted in improved user satisfaction, as evidenced by a mock usability test showing a 40% increase in task completion rates.

Project Lead – MediLink (The Mavericks Team)

Hult Prize Campus Competition | University of Rwanda | 2024-2025

Developed a digital healthcare solution aimed at improving access to medical services.

- Spearheaded ideation, design, and prototype development.
- Collaborated using agile methods to build a user-focused platform.
- Prepared and delivered a startup pitch to campus judges.

EDUCATION

College Adventist du Rwankeri

MATHEMATIC COMPUTER AND ECONOMICS (MCE)

2015–2021, Rwankeri

University of Rwanda

BACHELOR (HONS), INFORMATION TECHNOLOGY

2022–2026, Kigali

PROJECTS

Blog Application (HB-Lab Internship Project)

[Live App](#)

- Full-stack blogging platform with CRUD functionality.
- Developed backend APIs and dynamic front-end features.

Personal Project: Portfolio Website Development

January 2023 – March 2023

[View Project](#)

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Implemented responsive design techniques to enhance user experience on mobile devices.

MediLink – Healthtech Web App *(Hult Prize Campus Competition, 2025)*

Role: UI/UX Designer

Figma Design

- Designed the complete user interface for a web platform connecting patients to affordable medical consultations.
- Created user flows, wireframes, and high-fidelity prototypes using Figma.
- Focused on accessibility, intuitive navigation, and responsive design.
- Collaborated with team members during ideation and presentation phases.

KEY SKILLS

- Design thinking
- UX Design
- **Languages:** JavaScript, Python, SQL, HTML, CSS
- Tools: Figma, Adobe XD, VS Code, Postman, Git, GitHub
- **Databases:** MySQL, MongoDB (basics)
- **Libraries & Frameworks:** React.js, Node.js, Express.js, Tailwind CSS, Django
- RestAPI (Using Django Rest Framework, Express js)
- User interface, user experience, and interaction design
- Design research, wire framing, and rapid prototyping

HOBBIES & INTERESTS

- Music Enthusiast
- Coding and Technology
- Social Engagement

CERTIFICATE& ONLINE TRAINING

FreeCodeCamp
- Responsive Web Design (Completed)
- JavaScript Algorithms and Data Structures (Completed)

Coursera

- Django Web Framework (Completed)
- React Basics (In Progress)

Udemy

- UIUX Design With Figma 5 Real World Projects (Completed)
- Learn Django Web Development With 5 Real World Projects (Completed)

Alx

- Professional Foundation certificate **(Completed)**
- **Ai Career Essential (Completed)**

Other

- Figma UI Design - Klab Academy
- IT Essential Certificate - Cisco Networking Academy
